Encore Wire, a Prysmian Brand is your one-stop manufacturer for your residential, commercial, industrial, and clean energy needs. Offering a complete line of copper and aluminum wire and cable ranging from THHN/THWN-2, XHHW-2 and NM-B to tray cable and MC cable, we are equipped to help you work smarter with premier, productivity enhancing solutions, full service cutting and paralleling and industry-leading delivery times. Encore Wire products are made in America at our vertically integrated campus in Texas. NOW AVAILABLE: In July 2024, Encore Wire joined Prysmian's North American operations providing an expanded industrial and construction portfolio including a complete line of power cable, MV cable, Airguard®, DLO, portable cord & temp power, armored cable, renewable electronics cable and MV accessories. By combining Prysmian's expertise and expanded portfolio with Encore Wire's service model, we proudly join forces to better serve the electrical distribution network.
